Gift Aid
If you are a UK income tax or capital gains tax payer then you are eligible for Gift Aid. Gift Aid is a government run scheme which allows charities to claim back the tax you have paid to the Inland Revenue on your donation and/or membership, as long as you pay income tax or capital gains tax in the UK. UK charities are entitled to 28% tax reclaim from the Inland Revenue on every £1 donated by UK taxpayers.

To qualify for Gift Aid, what you pay in income tax or capital gains tax must at least equal the amount we will claim in the tax year and the monies donated must be your own.

How Gift Aid works
Charities take your donation (which is money you've already paid tax on), and then reclaim tax on its 'gross' equivalent (its value before tax was deducted) at the basic rate of 22 per cent. In practice, this means that if you give £10 to charity using Gift Aid, that gift is worth £12.82 to the charity. This is because 22 per cent of £12.82 is £2.82 – your £10 being the difference. The Gift Aid scheme is only for monetary gifts and there are rules limiting the value of benefits you can receive in return.

Non taxpayers/UK residents
If you do not pay tax, you should not use Gift Aid. The Gift Aid scheme is unique to the UK. If you are not a UK taxpayer, you can still make a donation, but your donation will not attract the 28% tax 'bonus'.
